

Arrange the given sentences into a well-structured paragraph by ordering them from 01 - 06 accordingly.

Finally, the society as a whole must be aware of the importance of stress management.

Choose...

According to psychologists it is the result of fear due to inexperience, deprivation, isolation and feeling of inferiority among them.

Choose...

If they are observed closely, this allows to undue pressure on their mind due to unhealthy competitions and sky rocketing expectations of their parents and teachers from them.

Choose...

In order to prevent these catastrophic diseases, children need to be taught to 'de-stress themselves' through meditation or cultural activities and this will inculcate feelings of self confidence in them and inspire them to face the realities of life in a better way.

Choose...

Whatever the reasons may be, the effects are disastrous leading to both physical and mental ailments like insomnia, hypertension and nervous breakdown etc.

Choose...

It is a matter of grave concern that 'stress' or 'mental pressure' has emerged as a deadly and silent killer for teenagers of the day.

Choose...

Arrange the given sentences into a well-structured paragraph by ordering them from 01 - 06 accordingly.

Cocoa, from which chocolate is made, contains flavonoids.

4 ▼

Therefore, research indicates that small amounts of chocolate can indeed offer heart health benefits.

5 ▼

A study (Taubert et al. 2007) into the body's response to the low consumption of cocoa found that these health benefits are comparable to those achieved through the use of conventional blood pressure medicine.

6 ▼

When blood pressure is lowered, there is a reduced risk of health problems such as stroke and coronary heart disease.

3 ▼

The main flavonoids present in cocoa have been shown to relax blood vessels and lower blood pressure (Stresing 2004).

1 ▼

Chocolate has been shown to improve cardiovascular health.

2 ▼

Fill each blank with the suitable word given in the box.

He has dark brown to black _____ hair.

Choose... ▼

On certain occasions, he strikes as an extremely _____ individual who struggles to survive his day to day feats just like any other ordinary person.

Choose... ▼

He is quite handsome and is a _____ swordsman.

Choose... ▼

At times, he is very _____ as he is preoccupied with his own glory.

Choose... ▼

Captain Jack Sparrow is a very specifically built fictional character, who has a very _____ sense of style as he wears his goatee in two braids.

Choose... ▼

He is a very _____ pirate known for his improvisations during and outside of battle, allowing him to perform unpredictable actions.

The daily temperature of 2 main cities in Sri Lanka is recorded three times a day and stored in a 2D array called **temp**. At the end of each day, the average temperature of each city is calculated and stored in another 1D array called **avgTemp**.

Write a C program to do the following.

1. Declare an array called **temp** with 2 rows and 3 columns.
2. Input the temperatures from the key board and store in the array.
3. Calculate the average temperature of each city and store the result in **avgTemp** array in the same order of cities.
4. Display the average temperatures of the cities.

example :

temp array			
	morning	noon	evening
Colombo	29.1	32.6	31.3
Kandy	27.8	30.2	28.4

avgTemp array	
Colombo	31.0
Kandy	28.8

Marking Guide

Declaring arrays correctly - 0.5 mark

Taking keyboard inputs and store in the array- 2 marks
